 aditya.raj862003@gmail.com

Core Competencies

Full – Stack Web Development

React.js(Frontend Development)

Node.js & Express.js

API Integration (third-party APIs)

Version Control (Git & GitHub)

Education Credentials

 B.Tech. CSE, Parul University Vadodara, Gujarat, India

CGPA: 7.17, 2026.

Technical Skills

- Languages & UI Technologies:** JavaScript, TypeScript, React.js, Next.js, HTML5, CSS3, Tailwind CSS
- Backend & Database:** Node.js, Express.js, REST APIs, MongoDB, Mongoose
- Tools & Dev Practices:** Git, GitHub, Postman, Version Control Workflows, Responsive UI Design
- Integrations & Other Skills:** OpenAI API, Third-Party API Consumption, Client-Side State Management, Secure Data Handling

Profile Summary

- A Motivated and detail-oriented Full Stack Developer with hands-on experience in building scalable and user-friendly web applications using the MERN stack. Skilled in React.js, Node.js, Express.js, MongoDB and API integration. Strong problem-solving abilities with a focus on clean design, responsiveness, data security and real-world usability. Passionate about building modern web systems, learning new technologies and contributing to development teams with creativity and collaboration.

Personal Project

Title - Bus Reservation System | MERN Stack

- Built a responsive full-stack bus reservation platform using React for UI, Node.js + Express.js for backend services, and MongoDB for data storage.
- Implemented features for user authentication, bus scheduling, seat booking, and cancellation using REST APIs with secure data validation.
- Designed a clean frontend with modular components, real-time data fetching and intuitive seat-selection UX.
- Ensured scalable and efficient data modeling for routes, users, bus details and booking records.

Title - AI-Powered Chat Application (OpenAI Integration)

- Developed a chat interface integrating OpenAI API to generate dynamic and context-aware responses.
- Built secure backend APIs for text messaging, user logs, token handling and prompt management.
- Created a responsive UI that supports conversation history and smooth chat interactions.
- Strengthened understanding of API lifecycle, authentication and secure request handling.

Soft Skills

- Critical Thinking & Debugging
- Problem-Solving & Logical Reasoning
- Collaboration using Git-Workflows
- Adaptability, Fast Learner & Strong Work Ethic
- Documentation & clear communication
